PERSONAL PROJECTS

Cara-shopoff (03/2023 - Present)

- A Beautiful Responsive E-commerce landing page that was built using HTML, CSS & JavaScript.

Search-Bar (05/2023 - Present)

- This is a Custom search select menu built with HTML, CSS & JavaScript. This project covers the JavaScript arrays and looping over the arrays.

Global-Tradez (10/2023 - Present)

- This is a wonderful React landing page made with styled components and React smooth scroll. The website is fully responsive and I used React Hooks and React Router for this Project. The main sections are reusable components that can be customized and reused anywhere on the site.
